

Stewardship Report 2023

The Stewardship Team organized and carried out a fall stewardship campaign in October and November of 2022. The slogan for the campaign was Grow Serve Share/Crecimiento Servicio Participación.

Through personal communication with members, written and oral testimony at church services, video, and Sunday sermons, the Stewardship Team focused on teaching about how stewardship is a key part of becoming a strong disciple. Upon completion of the campaign, the Team sent out thank you notes to persons pledging to the campaign, and we wish to thank you all once again for your generosity!

The financial results of the campaign are reflected in the Treasurer's Report.

Highlights include:

The Stewardship Campaign Committee kicked off its campaign by having a wonderful celebration with St. John's leaders to thank them for their service and invite them to be the first pledgers for 2023. We had a successful event and it helped us start off the campaign on a very positive note.

This year St. John's had more people pledging this year than last year with 13 new pledges for a total of 61 pledges. Eighteen of those pledges were increased from last year.

Thanks very much to the Stewardship Team members who participated in this effort: Maria Caballero, Beatriz Cobos, Anne Faithful, Steve Kriechbaum, Patricia Mata, Madre Minerva, Rosalinda Rodríguez, and John Williams.
