

On the pastoral care side, Sandra and I will meet with Mother Minerva soon to regroup. We will be looking at how best to meet the needs of our parish.

The Drive team is operating on an as needed basis. If I'm not mistaken, people in need of rides are calling a person who has provided a ride for them in the past. If you need transportation to a medical appointment, please bring it to Sandra Ward's attention or mine.

The phone tree is not active. My suggestion is, if you don't see someone in church, call them. You may also let Sandra or me know your concerns.

Henry Welles has taken up a card ministry to let parish members know we are thinking of them in times of distress. Let one of us know what is going on.

Catherine Turner and Edna Hunter have been bundled the altar flowers and they are being delivered to members who are ill, have had surgery, etc. Help us know who those people might be.

Respectful submitted,

Christi Crow
